

## INDUSTRY COLLECTIONS: PD&M COLLECTION

### WORK WHERE DESIGN AND MANUFACTURING TECHNOLOGY MEET

See how the Product Design & Manufacturing Collection gives you the power to create your most ambitious ideas, collaborate more efficiently, automate the busywork, and explore more design options than ever before.

#### INCLUDED PRODUCTS

- Inventor
- Inventor Nastran
- Inventor Tolerance Analysis
- Inventor Nesting
- Inventor CAM
- AutoCAD
- Fusion 360
- Vault
- Factory Design Utilities
- Navisworks Manage
- 3ds Max
- ReCap Pro
- HSMWorks
- Autodesk Rendering
- Autodesk Drive

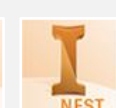

#### PRODUCTS WITHIN THE COLLECTION WORKING TOGETHER

  **Inventor + Fusion 360**  
Create 2D Designs and 3D Models at the same time

  **Inventor + Inventor CAM**  
Generate toolpaths that sync with your 3D model

  **Inventor + Inventor Nastran**  
Analyze nonlinear Stress, dynamics, and heat transfer

   **Inventor + Inventor Nesting + Inventor CAM**  
Create multiple sheet nests and cutting paths for flat parts

   **Inventor + AutoCAD + Navisworks + Factory Design Utilities**  
Design, validate, and visualize 2D and 3D factory layouts

#### SO MANY THINGS YOU CAN DO WITH THE COLLECTION

**Create complete designs**  
Take your designs from concept to production with integrated, professional-grade CAD, CAM, and CAE technology

**Explore every opportunity**  
See opportunities to improve performance and create products that take advantage of the latest manufacturing innovations

**Connect your work and people**  
Collaborate by integrating design data originating from any source and extending design reviews to internal and external contributors

**Automate for more time**  
Let your software handle the busywork with easy-to-code tools for automating product configuration and repetitive design tasks.

#### WHY A COLLECTION?

##### Professional-grade design and manufacturing

Design and make your products with the full collection of tools that work inside Inventor, including Inventor Nastran, Inventor CAM, Inventor Nesting, and more. You also get the full suite of specialized toolsets available with AutoCAD, along with new cloud-based technology with Fusion 360.

##### Access the latest and previous releases

Ensure software compatibility with all team members by accessing previous versions when you need them. Stay current with the latest releases. Deploy updates whenever you want.

##### Easier software and license management

Eliminate the headache of managing multiple product licenses. Get insights on product use. Easily download, install, and use as many products within the collection as you want, whenever you like.

##### Choose access for individuals or teams

Choose a single-user subscription or give teams permission to share licenses with multi-user access.
